SAFETY MOMENT

Check your battery voltages before EVERY flight!

FROM THE PREZ

I hope everybody had a wonderful Independence Day. I hope you were able to get out with your families and reflect on the founding of this country and all the people that have sacrificed everything to make this country great. The family joined me for some flying and we caught the firework show. My 3 year old has her own transmitter now and likes to move her sticks while I'm flying so she can figure things out. This is a great hobby that all the family can enjoy.

We have had a lot of things going on lately. Some great flying weather has provided great opportunity for people to get out and fly. I have been seeing several of you out there banging the sticks. The only thing better than flying is flying with a bunch of friends.

Stu, Tom and I were able to make it out for the Boy Scout camp last month. We set up several static displays that the kids got a kick out of. I flew Dave Pelton's Foamy T-28 and Stu did some photography with his Phantom Vision quad copter. I think the event was a real

success. Make sure to thank Stu and Tom when you see them for dedicating their time. Also make sure to thank the leaders of these great programs like the Boy Scouts for helping mold our young kids into successful adults.

We had some fun at the end of June at our club Fun Fly. We did some balloon pop races that were a blast to watch and participate in. There were a couple of oops moments, but overall it was a great time! It proved to be something that is worth doing again. The results will be listed at the end of this letter.

We have our Facebook page up and running. We are already up to 25 people following us. I think it is a great way to keep people informed and spread the word on our club. Search for Casper airmodelers on facebook and like the page to follow it if you haven't already.

Make sure to spread the word about our Fly-in July 31st-Aug 2nd. I would love to see a good turnout. Make sure people know it is free to come and watch. Our meeting is tomorrow night at the field. Let's try and get out there to discuss ways we can make our great club even greater!!

Balloon POP results:

Ray B - 2m 20 sec

Josh N - 2m 24 sec

Bob S - 2m 33 sec

Dave P - 2m 59 sec

John S - 3m 13 sec

Dave M - Valiant effort but did not qualify

Gaylin - Valiant effort but did not qualify

Happy Flying

Josh Nelson

Casper Airmodelers Association

Meeting 06/09/2015

Meeting called to order at 6:40 by Josh N.

The Treasury Report was delayed until July meeting since Reed could not attend.

OLD BUSINESS

Western States Drone Rodeo: A tentative date of June 19th, 2016 was proposed by Josh for this event. It was discussed by the attending members and 2nd by Ray B. Josh will be contacting Casper Sports Alliance to verify date will work for them as well.

Civil Air Patrol demonstration: Reed M. and Josh N. went to the civil air patrol demonstration. Reed flew some micro planes and helicopters and several static displays were set up.

Raffle tickets: Tom R. has ordered the raffle tickets for the Morissey Bravo raffle plane.

NEW BUSINESS

FLY-IN: Andrew has volunteered to handle getting the food for the cooking and running the cooking operation. We will still need people to help cook and gather money.

Gaylin has an ice maker that we can access for any ice needs we have.
Bob P will bring his tractor out and mow the tall grass around the runway.
Tom R. Suggested having a short vigil during the FLY-IN for reflection on members who
have passed away this year.

SEPTIC/GRASS: The septic company drove their truck across the grass again this year
and did considerable damage.

FUN-FLY: It was decided to have a local club Fun Fly June 27th.
Dave Pelton donated a new lock for the gate. If you don't already know the combo is the
same as the frequency board lock. Thank you Dave!!
Tom got a new windsock which has been installed. Thanks Tom!

The meeting was adjourned around 7:15

Fly In Dates

Casper Airmodelers - July 31st - August 2nd

Please do not fly your aircraft west of the red/white barrels.
