Field Marshall	Ray Beevers	266-1264	Josh Nelson	277-3110
Safety Officer	Dave Pelton	258-9406		
Contest Director	Tom Rorabaugh	265-1948		

SAFETY MOMENT

Make sure that no taxiing is done on the flight stand side of the red lines. Your engine needs to be cut by that point or the plane needs to be in your hands.

FROM THE PREZ

Nothing beats a crisp spring rain shower. Unless of course that shower lasts for 5 weeks. Despite all that has been going against us weather wise I've been seeing a bunch of you making it out to the field. I wanted to cover some of the cool stuff we have had going on lately. There are some thank you's overdo and need handed out.

The field cleanup went great. The weather held long enough for us to get a lot accomplished. Make sure to thank Vic, Mel, Dave, Craig, Bob P, Steve K and Ray for doing a great job getting the field ready for the flying season. Those guys cleaned the field, fixed the sprinklers, painted some benches, trimmed the trees, tore out the old snow fence, and ran a new cable to replace the one stolen at the parking lot.

You have probably noticed the new gate at the entrance. Bob P dedicated his time to get that put up. I think it is a great improvement to the field. It looks great and much easier to handle coming in and out. Thanks Bob.

Reed and I went to the Civil Air Patrol meeting the other day. Reed did an awesome job showing the kids some indoor flight and telling them all about the hobby. Stu donated the use of his big multi rotor for the kids to see. Make sure to thanks Reed and Stu for their efforts to spread the word about the hobby.

Fred Hildebrand donated the big Morrissey Bravo you have seen hanging down at wheels and wings to the club. We will be using that for the raffle to be given out at the fly in this year. Fred we truly appreciate all you have done for the club.

Speaking of the fly in. Casper Sports Alliance is advertising for our fly in this year. Hopefully it spreads the word and gets us some more flyers. We need to make sure they know we appreciate their help.

A gentleman got ahold of us recently and donated all of his dad's awesome vintage rc planes to the club. Mike Cordiner was an avid RC plane builder. We are sorry to hear of his passing, but will make sure these planes get into the hands of some interested kids to help inspire a love for flight.

OK. Lastly. Make sure to come to the club meeting at the field Tuesday June 9th. Bring an airplane or two. We will be taking a club photo for our new up and coming Facebook page. Our local professional photographer Andrew will be taking the picture. I hear he can even make ugly guys like me look good. I've also been told that an anonymous donor has a bunch of cool stuff to be handed out and cherry picked at that meeting.

Happy Flying

Josh

**Casper Airmodelers Association
Meeting 05/12/15**

Meeting called to order at 6:35 pm by Josh N.

The Treasury Report was motioned to be accepted by Ray and second by Stu

OLD BUSINESS

Wind Sock: Tom had not purchased yet and wanted to make sure we were unanimous on the length of the sock. A 4' wind sock was approved first by Stu and 2nd by Andrew.

Flight Boxes: No more progress has been made on new flight boxes and it will be revisited at the June meeting.

Clean Up: The field clean up is scheduled for this Saturday.

NEW BUSINESS

Multi Rotor Club: It is proposed that the Casper Air Modelers affiliate with the local Multi Rotor Club to bring awareness to both sides of the hobby. A "Western States Drone Rodeo" is suggested by the Multi Rotor Club to invite enthusiasts to test their flying and programming skills with multi rotors. There will be obstacle courses, demos and other features and will be sponsored by the AMA. The AMA will also offer a free 3 month trial membership. It was motioned to accept going forward by Ray and second made by Stu.

Raffle: Fred H. has donated his Morrisey Bravo for club raffle. THANK YOU FRED!

Demo: A few local organizations have asked the Casper Air Modelers to perform a demonstration. Emails will be circulated looking for volunteers.

The meeting was adjourned around 7:07
\$13 profit was made with the fuel raffle.

Fly In Dates

Casper Airmodelers - July 31st - August 2nd
Riverton - Wyoming modelers park - 7/9 - 7/12

Please do not fly your aircraft west of the red/white barrels.
