	Ray Beevers	266-1264

<i>Building Instructors</i>	Fred Hildebrand	265-3549
	Dick Meyering	265-9389

February 10 Meeting Minutes

The meeting was called to order at 6:30 PM with 12 members in attendance.

Ray B. motioned and Jerry W. 2nd that we approve the minutes of the January meeting as published in the newsletter - Passed.

Stu R. motioned and Ray B. 2nd that we approve the treasurers report - Passed.

OLD BUSINESS

Tom R. announced that longtime member Bob Y. has sold his house and will be moving to Arizona. Tom R. reported that he has started on the paperwork for an AMA grant for runway seal. Stu R. contacted Tower Hobbies on the radio equipment for the electric plane that we are planning to raffle. Tower was not interested in donating. Ray B. made a motion that the club not supplies the radio equipment for the raffle. Bob Y. 2nd - Passed.

There was some other discussion as to when we will hold the raffle for the electric airplane. No one was interested in changing the date for the raffle.

NEW BUSINESS

Tom R. announced that he will be setting up a meeting with the city on getting some slurry seal for the runway. He also announced that he will check with the city to see who pays for the street light.

Reed M. made a report on the new web site. Currently it is registered as www.casperairmodelers.org, and he is having some trouble getting the domain name released to his server. He pointed out that the name www.casperairmodelers.com is available, and that we can register his server under this new name and will probably have it up sooner. Stu R. made a motion that we register the .com name for 3 years, and allow Reed to get going with the site now. Gary Z. 2nd - Passed.

There was some further discussion as to trying to reduce the number of newsletters that are required to be mailed every month. When the website is up, most of the membership can get the newsletters via the internet. There will still be a need for some members that do not have a computer, the AMA, and some of the clubs that we mail the newsletters to will still need to have the newsletters mailed to them. There was no motion on this, but it was tabled for discussion at a later meeting.

Stu R. made a motion that we adjourn, Ray B. 2nd - Passed.

The fuel raffle was won by Bob Yeager.

FROM THE PREZ

March 2008.

February weather continued to remind club members it is still winter. Even the ground hog predicts six more weeks of the same. How many flyers are ready to buy this prediction? In spite of the un-friendly conditions, a few brave souls were able to get in a few flights this last month.

Reed M. reports good news concerning the club web site, he was able to obtain a wholesale rate for the next three years. This will save a substantial amount for the club. Note the new web site will be "CasperAirModelers.com", not .org. Apparently, due to the change over, .org would not be available until a 90 day waiting period had passed. Because of this we will be back using .com.

Reed should have the new site up and running some time around the middle of March. The club owes him a BIG ATTA-BOY! for all the time and effort he has put into getting this new site "off the ground". The club also wants to thank Reed for the time he spent assembling the Electric Raffle Plane. This also involved a step by step report to Great Plains, who donated the n

kit and electronics to the club. All that remains is a decent weather day to test fly it. The plane can be seen, and raffle tickets are available, at Stuart R.'s hobby shop.

Our Sec/Tres. Dan M. Is busy working on the club charter renewal for AMA. Any one who still wants to pay 2009 club dues, please send to Dan Mull 910 Goodstien Dr. Casper, WY 82601. Your timely cooperation will be a big help in getting this paper work out the way.

A current club members data list is being compiled to include e-mail addresses and cell phone numbers. Please send the above to danmull@wyoming.com and ntrorabaugh@bresnan.net if you want these items included in your membership information.

See you at the March 10 meeting, 6:30 pm, the Mills Community Hall at the corner of Midwest and 4th, Mills. Bring those winter projects for the rest of us to see.

Thanks, Tom R.

Fly In Dates.

Riverton: June 5,6 & 7

Sheridan: September 11,12 & 13

Reminder

NO electric-fly at Highland Park Church Saturday March 21st.

Also, our Church insurance runs out the end of March. We can decide at the club meeting March 10 whether to renew for another year or whatever.

Fred H.

Please do not fly your aircraft west of the red/white barrels.

*FLIGHTLINE will soon be available online at www.casperairmodelers.com
(Please notify Editor Abe Knapp if you would like to receive a copy by mail.)*
