	Ray Beevers	266-1264

<i>Building Instructors</i>	Fred Hildebrand	265-3549
	Dick Meyering	265-9389

March 10, 2009 Meeting Minutes

The meeting was called to order at 6:30 PM with 9 members in present.

Gary Z. motioned and Reed M. 2nd that we approve the minutes of the February meeting as published in the newsletter - Passed.

Fred H. motioned and Gary Z. 2nd that we approve the treasurers report - Passed.

Old Business:

Tom R. reported on the progress of the slurry seal for the runways at the field. He had made contact with one of the local contractors (DLH), and they had given him a price of \$1.90 per square yard. Using this figure, Tom calculated that it will take around \$7,700 to complete the project. The AMA has a grant program for such projects, and that they will provide up to a 10% grant for this type of project. Tom was planning on proposing this to the Leisure Board on 3/24 at 16:30.

Gary Z. made a motion, and Fred H. 2nd that Tom pursues funding from the city and the AMA with the remainder of the funding (up to \$3000) to come from the Casper Airmodelers pending final approval at a later meeting when we have more details, and more members present.

Reed M. reported that the web site was able to be registered at a significant discount over what was approved in February. This web site is registered at www.casperairmodelers.com and he is in the process of building it as his time permits.

Reed also reported that Tower Hobbies was happy with the build article that he wrote on the electric airplane that they provided. Dan M. offered a Hitec radio system for this aircraft to make it a complete package for the raffle. A motion was made to make the drawing for this raffle at the 4th of July flying.

New Business:

Abe K reported that the Gun club was in the process of asking the city for more land, east of the current barriers. This area that they are asking for should not encroach into our flying area, but Abe was asked to get more details to be discussed at a later meeting.

Bob S, made a motion and Reed M. 2nd that we adjourn.

The fuel raffle was won by Gary Z.

FROM THE PREZ

April 5, 2009

Will it ever warm up? I am thankful we had 21/2 days in a row during march that were great conditions for eliminating the winter "cob webs". Lets' hope April is not all float plane flying sessions.

The April 14th meeting needs to be marked number one for attendance, your vote is very important. A vote on the spending of club funds for the runway slurry seal project will be taken. Keep in mind as a club member, that "chunk" of asphalt is our most important asset.

Your input is needed for club field improvements, and a clean-up day designation. Please give some thought as to what needs to be accomplished . I want to thank all members who in the past, have generously given both their time and donations in the form of materials and money, to support a great looking facility. Thank you for your pride, it is displayed to all who use and visit our flying field.

Bruce L. will be soliciting both ideas and numbers interest, for those who want to participate in a club "logo'ed" jacket and or T shirts. As always your ideas will be greatly appreciated.

Reed M. Is very close to launching the new club web site. Recent priorities such as making a living has put him in a time crunch. Thanks for your patients, you can be assured you will like the results of his hard work. The web address has been changed to "casperairmodelers.com"

We are still trying to compile a e-mail list for mass club notifications, and possible news letter use. If you have not yet given us your e-mail address, please send to

ntrorabaugh@bresnan.net .

Please show your club support by attending the meeting Tuesday, April 14th at 6:30 PM.
The Mills community hall, at the corner of Midwest Ave. & 4th st.

Gary Z., at the march meeting showed us a great looking Variant project, finished in the Harley D. Colors. Please bring your winter accomplishments for all to view.

Thanks to ALL!, Tom R.

Fly In Dates.

Riverton: June 5,6 & 7

Sheridan: September 11,12 & 13

Reminder

NO electric-fly at Highland Park Church Saturday March 21st.

Also, our Church insurance runs out the end of March. We can decide at the club meeting March 10 whether to renew for another year or whatever.

Fred H.

Please do not fly your aircraft west of the red/white barrels.

*FLIGHTLINE will soon be available online at www.casperairmodelers.com
(Please notify Editor Abe Knapp if you would like to receive a copy by mail.)*
