Ray Beevers	266-1264

<i>Building Instructors</i>	Fred Hildebrand	265-3549
	Dick Meyering	265-9389

May 12, 2009 Meeting Minutes

The meeting was called to order at 6:30 PM with 14 members in present.

Stu R. motioned and Reed M. 2nd that we approve the minutes of the April meeting as published in the newsletter - Passed.

Abe K. motioned and Jess L. 2nd that we approve the treasurers report - Passed.

Old Business:

President Tom R. reminded the members that the field cleanup will occur Saturday the 15th of May.

Tom R. reported on the progress of the slurry seal for the runways at the field. It doesn't look like we will get a 10% grant from the AMA. The feeling was that the club will be able to make up the extra amount.

Reed M. reported that the web site will be live before the next meeting.

Tom R. reported that the porta-potty will be replaced, since the old one was vandalized.

Bruce L. had not had time for more research on the jackets with the Casper Airmodelers logos.

New Business:

Stu R. mentioned that he will be having a Grand Opening at R/C Planes on Father's day weekend (June 14th) and mentioned that the club should take advantage by selling raffle tickets for the raffle airplane.

Tom R. brought up that there have been a couple recent clashes with the gun club. This brought up some discussion, but no resolutions were made.

Gary Z. brought up some discussion that we need to review the club and field rules and make an official copy. No resolutions were made.

Ken brought up some discussion that we should have an inspection program for new aircraft. This brought up some discussion. Fred H. presented several alternatives to securing clevises. No resolutions were made.

Bruce L. and Connor 2nd that we adjourn.

FROM THE PREZ

06/02/2009

From the Prez.

Thanks to all who endured the cold and windy weather at the May club meeting. The June "gathering" will on Tuesday, 06/09/09, 6:30 p.m., at the Club flying field. Hopefully the mosquito problem will be under control by then. The abundance of "spring" moisture has made both the pesky insects and weeds a problem. Several of the club members have spent a lot of their valuable time coordinating with those to get the spraying done, but have been met with a lot of frustrations. Hopefully their continued efforts will pay off soon, as they have not given up.

Thanks to those of you who have helped with the grass fertilizing and mowing. Some of the weed problem could be solved if Club members were to bring "weed whackers" to their flying sessions, and "weed eat" around the pilot boxes and pit areas. This would keep the field looking great and make the spraying of weeds and grass easier in these locations.

The July 4th weekend flying will be discussed at the June meeting, please be prepared to make your wishes known.

By now you should have visited to Clubs' new web site: casperairmodelers.com , a work of art by Reed M. He has worked long and hard on this project, and deserves A BIG ATTA BOY!. He welcomes all and any suggestions from you the Club members, remember this is your web site.

PLEASE, PLEASE forward your E-MAIL addresses to ntronabaugh@bresnan.net, drknapp@msn.com , danmull@wyoming.com , or reed@merschchatminerals.com , from this list a e-mail notification list will be made to notify members when a new NEWS LETTER is available on the web site. Thank you in advance for your cooperation.

See you at the field 6:30 p.m., Tuesday the 9th.

Tom R.

Fly In Dates.

*Riverton: June 5, 6 & 7
Sheridan: September 11, 12 & 13*

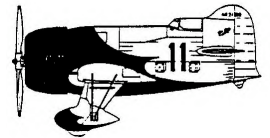

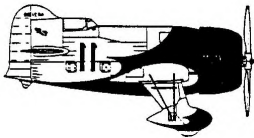

Reminder

Please do not fly your aircraft west of the red/white barrels.

*FLIGHTLINE: Thanks to Reed Mershat, FLIGHTLINE will be available online at www.casperairmodelers.com
(Please notify Editor Abe Knapp if you would like to receive a copy by mail.)*
