## FROM THE PREZ

August 3, 2009

The on going saga of the runway slurry seal project has come to the surface again, hopefully to stay there for good. Friday, the last day of July, ended with the Club delivering a check for \$2500, to the City of Casper. Thanks to the Leisure Board, Mr. Dave Hough, and Mr. Scott Baxter, the City funds were restored to our slurry seal project. The work is scheduled for some-time in September. To those Club members who spent their valuable time in two sessions before the Leisure Board, and other planning, THANK YOU!

The Club facility is looking great because of the generous efforts of a few members. It is the same old story, most of the "*grunt work*" is accomplished by the same few, over and over. This group includes most of the "older" members along with a few new ones. Those who are keeping the field looking great, thank you. The mowing of the grass is a real pain, but it needs to be done about every five days. If you see that it needs mowing, the mower is ready to go, twenty-four seven. Three members spending ten minutes each, can "*GET IT DONE IN A HURRY*". There is more to being a Club member than just forking out your \$60 a year. Thank you for listening.

The next Club meeting will be Tuesday August 11, at 6:30 pm. The agenda will include the final review and vote on the revised field rules, thanks to those who made contributions.

KUDOS to Ray B. and Jerry W., who have donated their Thursday nights to the training of new fliers. Along with Reed M, and Bob S., they also have given up a lot their own flying time to the instruction of others on weekends. Congratulations to Conner H., who was "bumped" out of the nest last Thursday night. Andrew S., Josh R., and Gary R. are close behind because of the great instruction they are getting.

Thank,

Tom R.
