FROM THE PREZ

01/31/2010

The winter building season is well on it's way, how are all those projects doing? Congratulations to John Patzek, Casper Airmodelers first life time member. The club membership now has this category for those *senior* members 85 + in years. John's membership dates back to the late 70's early 1980's, the next time you see him give him a hand shake.

The March 20th swap meet is being well organized and publicized, thanks to Bruce L. This week "fliers" are being mailed to all clubs in WY, western NE, northern CO, and MT. Additional ads are in the AMA's Model Aviation magazine. Start gathering those modeling *treasures* together and find them a new home in a friends workshop. Remember the gun show will be going on in the next building the same day.

Thanks to Reed M. the club web site is in great shape, this will be your source for viewing the club news letters. Those members who do not have internet access, please advise Abe K., so you can be put on the mailing list. We are trying to keep this list to a minimum for cost savings purposes.

The indoor flying Saturday mornings at the Highland Park Church is being well attended, thanks again to guidance of Fred H. Let him know how much these sessions are appreciated. If we are to continue to fly indoors in 2011, a new place will have to be found. The church will be moving to a new building.

Remember the February 9 club meeting at the Mills Community Center, the corner of 4th and Midwest at 6:30 P.M.

Thanks, Tom R.
